

History of actions taken by the Commission following review by the Compliance Committee since 2009

In 2009, the Compliance Committee began a review by individual CPCs, rather than by theme as previously. The table below is a summary of the historic actions taken during the last ten years. CL = Compliance Letter; ID = Identified; NA = Not applicable. Note that year refers to the year of the Commission decision, not the year in which letters were actually sent.
