

**Draft Recommendation by ICCAT on a pay back plan for blue marlin by Curaçao**

*(submitted by Curaçao)*

*RECOGNISING* an overharvest for previous years of blue marlin by Curaçao;

*DESIROUS* of maintaining the aims of the ICCAT Rebuilding Plan for white marlin and blue marlin;

*NOTING* the willingness of Curaçao to payback the overharvest accumulated and abide by the ICCAT conservation and management measures;

THE INTERNATIONAL COMMISSION FOR THE CONSERVATION  
OF ATLANTIC TUNA RECOMMENDS THAT:

1. The total negative balance from 2021 is 22.53 t shall be paid back in the following way:
  - 2022 to first year of payback will be a minimum of 2.53 t
  - 2023 to 2030 (inclusive) will be a minimum of 2.5 t per year
