1. Current fisheries (add rows as needed):

<i>Fishing area</i>	<i>Gear(s) used</i>	<i>Species caught</i>	<i>Target or bycatch</i>	<i>Approx No. of vessels involved</i>
Mediterranean	Purse sein	BFT	BFT	2 Purse sein vessels
Mediterranean	Longline	ALB	ALB (Target)	Around 32 LL vessels,
Mediterranean	Longline	SWO	SWO(Target)	Around 7LL vessels,

If your CP does not currently have any fisheries, please indicate whether you have plans to develop any in the next five years, and if so, indicate the species to be targeted and the gears you expect will be used:

2. Other fishery-related activities (add rows as needed)

<i>Activity</i>	<i>Currently ongoing</i>	<i>Planned for short term future</i>	<i>Planned for medium/long term future</i>
In-port Transshipment	No	No	No
At-sea Transshipment	No	No	No
Port Inspection	Done by national inspectors		
Import of ICCAT species			
Export of ICCAT species	BFT	SWO	
Access agreements with third parties	Prohibited	No	No
Joint fishing activities	Yes, for BFT	Yes	Yes

3. Areas in which assistance with ICCAT reporting requirements is required. Additional information can be added in an annex if needed

(See <https://www.iccat.int/en/SubmitCOMP.html> and <https://www.iccat.int/en/submitSTAT.html> for ICCAT reporting requirements)

	<i>ICCAT requirement</i>	<i>Difficulties encountered</i>	<i>Comments</i>
General MCS measures	<u>Measures to reduce By-catch of Seabird & Sea turtles.</u>	<u>Spreading awareness to reduce By-catch of Seabird & Sea turtles.</u>	<u>Need for the technical and financial support of ICCAT</u>
Species specific MCS measures	<u>Applying Scientific Observer Program for BFT & SWO</u> <u>Implement VMS on vessels targeting SWO</u>	<u>Lack of finance and well-trained specialists to implement sampling of BFT & SWO.</u> <u>Installing VMS is now an obligation by the law (146/2021). However, the law stated that LFRPDA should provide the devices. For that reason and because LFRPDA doesn't have enough budget to</u>	<u>Need for the technical and financial support of ICCAT</u> <u>Need for the technical and financial support of ICCAT.</u> <u>Implementation will be applied in 3 stages:</u> <u>1. Current vessels (7).</u> <u>2. Add more vessels next year up to (7)</u>

		implement that measure, the implementation of VMS is suspended.	more with VMS on them. 3. <u>Add more up to (6) vessels the year after.</u>

	<i>ICCAT requirement</i>	<i>Difficulties encountered</i>	<i>Comments</i>
General MCS measures	Yes	The Gambia is relatively a developing and a fishing nation as such encounters capacity deficiencies in area of MCS (inspection, human	The Gambia requires support in terms of Improving its MCS program to become fully compliant and be able to fulfil its national and

		resources, inadequate capacity in the operation of Fisheries Monitoring center (FMC).	international obligations including the ICCAT.
Species specific MCS measures	Yes	Inadequate taxonomic skills causing misidentification of species.	There is a need to train National Fisheries filed staff(data collectors) in taxonomy and species identification
Data collection and reporting	Yes	There is a need to capacitive and upgrade the national fisheries observers into scientific observers. Observer are not trained to collect scientific data	There is a build a scientific Observer program for fishing observers on board fishing vessels.
Other (specify)			

**DÉCLARATION D'INTÉRÊT POUR LES MISSIONS D'APPLICATION DE L'ICCAT ET/
OU AUTRE TYPE D'ASSISTANCE SI DISPONIBLE**

Partie contractante : TUNISIE

Personne de contact/courrier électronique : Ali Cheikh Sboui / bft@iresa.agrinet.tn

1. Pêcheries actuelles (ajouter des lignes si nécessaire)

<i>Zone de pêche</i>	<i>Engin(s) utilisé(s)</i>	<i>Espèce capturée</i>	<i>Espèce ciblée ou capturée comme prise accessoire</i>	<i>Nbre approximatif de navires impliqués</i>
Thon rouge	Senne tournante	<i>Thunnus thynnus</i>		69
ESPADON	palangre	<i>Xiphias gladius</i>		701
Small tuna	Senne			450

Si votre Partie contractante n'a pas actuellement de pêcheries, veuillez indiquer si vous avez l'intention d'en développer dans les prochaines années, et si oui, veuillez indiquer les espèces à cibler et les engins que vous prévoyez d'utiliser :

2. Autres activités liées à la pêche (ajouter des lignes si nécessaire)

<i>Activité</i>	<i>En cours actuellement</i>	<i>Prévu à court terme</i>	<i>Prévu à moyen/long terme</i>
Transbordement au port			
Transbordement en mer			
Inspection au port	Effectuée actuellement		
Importation d'espèces relevant de l'ICCAT.	Oui		
Exportation d'espèces relevant de l'ICCAT.	Oui		
Accords d'accès avec des tierces parties			
Autres (préciser)			

3. Domaines dans lesquels une assistance concernant les exigences de déclaration de l'ICCAT est requise. Des informations supplémentaires peuvent être ajoutées dans une annexe si nécessaire.

(Les exigences de déclaration de l'ICCAT sont disponibles ici : <https://www.iccat.int/fr/SubmitCOMP.html> et <https://www.iccat.int/fr/submitSTAT.html>).

	<i>Exigence de l'ICCAT</i>	<i>Difficultés rencontrées</i>	<i>Observations</i>
Mesures de MCS générales			
Mesures de MCS concernant une espèce donnée			
Collecte et déclaration des données	Déclaration en ligne ebcd	La plateforme eBCD nécessite une maîtrise technique précise pour l'enregistrement des	

		captures, le suivi des transferts, la validation des données et la conformité avec les recommandations ICCAT. Les mises à jour régulières du système et la complexité croissante des obligations déclaratives rendent indispensable un renforcement des compétences des capitaines et des personnels administratifs, afin de réduire les erreurs, d'assurer la qualité des données et de garantir la conformité avec les standards internationaux.	
Autres (à préciser)			
Inspection en mer	Recommandation 24_05	Les mesures de conservation et de gestion adoptées par l'ICCAT deviennent de plus en plus nombreuses et détaillées, incluant le suivi des captures, le respect des périodes et zones de fermeture, les obligations relatives aux espèces sensibles (tortues, requins, oiseaux marins) et les exigences liées aux transferts vers les fermes. Cette complexité nécessite	

		un renforcement des compétences des inspecteurs en mer, afin de garantir la conformité de toutes les opérations, d'améliorer la qualité des contrôles et de réduire les risques de non-conformité, indépendamment du quota attribué.
