ICCAT CIRCULAR # 02067 / 2026

SUBJECT: ONLINE TRAINING WORKSHOP SESSIONS ON USING ICCAT'S INTEGRATED ONLINE MANAGEMENT SYSTEM (IOMS)

I am pleased to announce that the Online Reporting Technology Working Group (WG-ORT), at its 2026 Intersessional Meeting, has scheduled two workshop sessions with the aim of assisting CPCs in the successful use of the Integrated Online Management System (IOMS). These workshop sessions will specifically focus on the Port Manager module (before its release into production) and a broader review of the functionalities of the existing IOMS modules already in production. These sessions are scheduled as follows:

- **Session 1 (28 April 2026):** Focuses on understanding and practicing the use of the Port Manager in IOMS
- **Session 2 (16 June 2026):** Focuses on reviewing the functionalities of previously developed IOMS modules and addressing issues identified by users

All sessions will be conducted online via the ZOOM platform with simultaneous translation. Each session will last four hours and will commence at 12:00 (CET), with a scheduled 30-minute break from 14:00 to 14:30. The WG-ORT agreed to record the full training sessions for subsequent online dissemination, ensuring accessibility to all CPC users.

The two training sessions, presented as interactive seminars, are designed for all prospective ICCAT IOMS users, including WG-ORT Members, CPC administrators and officers, Chairs of ICCAT subsidiary bodies, and Secretariat staff. Participation in these training sessions is encouraged for all WG-ORT representatives. The current official list of WG-ORT members is provided as **Annex 1**. Participants included in this list will receive connection instructions to the workshops. Delegates not included in **Annex 1** who wish to participate are kindly requested to contact the ICCAT Secretariat **by 21 April 2026**.

The tentative Work Programme for the first training workshop session is presented in **Annex 2**. The Secretariat will incorporate the user's feedback from the first session to prepare a tentative Work Programme for the second session, which will be made available to participants at a later stage.

Relevant information for the workshop sessions will be uploaded to Nextcloud. Access to the Nextcloud folder will be granted to the workshop participants at a later stage, together with the link and credentials to the ZOOM meeting. To access information on previous workshop sessions please refer to the following [link](#).
