

**RECOMMENDATION BY ICCAT CONCERNING THE ESTABLISHMENT  
OF AN ICCAT RECORD OF VESSELS 20 METERS IN LENGTH OVERALL  
OR GREATER AUTHORIZED TO OPERATE  
IN THE CONVENTION AREA**

*RECALLING* that ICCAT adopted at its 2000 meeting a *Recommendation by ICCAT Concerning Registration and Exchange of Information of Fishing Vessels Fishing for Tuna and Tuna-like Species in the Convention Area*,

*FURTHER RECALLING* that ICCAT adopted at its 1994 meeting a *Resolution by ICCAT Regarding the Agreement to Promote Compliance with International Conservation and Management Measures by Fishing Vessels on the High Seas*,

*FURTHER RECALLING* that the Commission has been taking various measures to prevent, deter and eliminate the illegal, unreported and unregulated (IUU) fisheries conducted by large-scale tuna fishing vessels,

*NOTING* that large-scale fishing vessels are highly mobile and easily change fishing grounds from one ocean to another, and have high potential of operating in the Convention area without timely registration with the Commission,

*RECALLING* that the FAO Council adopted on June 23, 2001 an International Plan of Action (IPOA) aiming to prevent, to deter and to eliminate illegal, unreported and unregulated fishing, that this plan stipulates that the regional fisheries management organization should take action to strengthen and develop innovative ways, in conformity with international law, to prevent, deter and eliminate IUU fishing and in particular to establish records of vessels authorized and records of vessels engaged in IUU fishing,

*CONSIDERING* the information Contracting Parties or Cooperating non-Contracting Parties, Entities or Fishing Entities (hereinafter referred to as CPCs), have provided in 2005 on the number and type of vessels between 15 and 24 meters,

*RECOGNIZING* that an increasing number of vessels just below 24 meters length overall are being constructed and are operating in the ICCAT Convention area,

*CONCERNED* that effort and catch by vessels below 24 meters warrants an increased level of monitoring and control.

**THE INTERNATIONAL COMMISSION FOR THE CONSERVATION  
OF THE ATLANTIC TUNA (ICCAT) RECOMMENDS THAT:**

1. The Commission shall establish and maintain an ICCAT record of fishing vessels 20-meters in length overall or greater (hereinafter referred to as “large scale fishing vessels” or “LSFVs”) authorized to fish for tuna and tuna-like species in the Convention Area. For the purpose of this recommendation, LSFVs not entered into the record are deemed not to be authorized to fish for, retain on board, transship or land tuna and tuna-like species.
2. Each CPC shall submit, to the ICCAT Executive Secretary, the list of its LSFVs that are authorized to operate in the Convention area. Where possible, this shall be submitted electronically. This list shall include the following information:
  - Name of vessel, register number
  - Previous name (if any)
  - Previous flag (if any)
  - Previous details of deletion from other registries (if any)
  - International radio call sign (if any)
  - Type of vessels, length, gross registered tonnage (GRT), and, where possible, Gross Tonnage (GT)
  - Name and address of owner(s) and operator(s)
  - Gear used
  - Time period authorized for fishing and/or transshipping

The initial ICCAT record shall consist of all the lists submitted under this paragraph.

3. Each CPC shall promptly notify, after the establishment of the initial ICCAT record, the ICCAT Executive Secretary of any addition to, any deletion from and/or any modification of the ICCAT record at any time such changes occur.
4. The ICCAT Executive Secretary shall maintain the ICCAT record, and take any measure to ensure publicity of the record and through electronic means, including placing it on the ICCAT website, in a manner consistent with confidentiality requirements noted by CPCs.
5. The flag CPCs of the vessels on the record shall:
  - a) Authorize their LSFVs to operate in the Convention area only if they are able to fulfill in respect of these vessels the requirements and responsibilities under the Convention and its conservation and management measures;
  - b) Take necessary measures to ensure that their LSFVs comply with all the relevant ICCAT conservation and management measures;
  - c) Take necessary measures to ensure that their LSFVs on the ICCAT record keep on board valid certificates of vessel registration and valid authorization to fish and/or transship;
  - d) Ensure that their LSFVs on the ICCAT record have no history of IUU fishing activities or that, if those vessels have such history, the new owners have provided sufficient evidence demonstrating that the previous owners and operators have no legal, beneficial or financial interest in, or control over those vessels, or that having taken into account all relevant facts, their LSFVs are not engaged in or associated with IUU fishing;
  - e) Ensure, to the extent possible under domestic law, that the owners and operators of their LSFVs on the ICCAT record are not engaged in or associated with tuna fishing activities conducted by LSFVs not entered into the ICCAT record in the Convention area; and
  - f) Take necessary measures to ensure, to the extent possible under domestic law, that the owners of the LSFVs on the ICCAT record are citizens or legal entities within the flag CPCs so that any control or punitive actions can be effectively taken against them.
6. CPCs shall review their own internal actions and measures taken pursuant to paragraph 5, including punitive and sanction actions and in a manner consistent with domestic law as regards disclosure, report the results of the review to the Commission at its 2003 meeting and annually thereafter. In consideration of the results of such review, the Commission shall, if appropriate, request the flag CPCs of LSFVs on the ICCAT record to take further action to enhance compliance by those vessels to ICCAT conservation and management measures.
7.
  - a) CPCs shall take measures, under their applicable legislation, to prohibit the fishing for, the retaining on board, the transshipment and landing of tuna and tuna-like species by the LSTVs which are not entered into the ICCAT record.
  - b) To ensure the effectiveness of the ICCAT conservation and management measures pertaining to species covered by Statistical Document Programs:
    - i) Flag CPCs or, if the vessel is under a charter arrangement, the exporting CPC shall validate statistical documents only for the LSFVs on the ICCAT record,
    - ii) CPCs shall require that the species covered by Statistical Document Programs caught by LSFVs in the Convention area, when imported into the territory of a Contracting Party be accompanied by statistical documents validated for the vessels on the ICCAT record and,
    - iii) CPCs importing species covered by Statistical Document Programs and the flag States of vessels shall cooperate to ensure that statistical documents are not forged or do not contain misinformation.
8. Each CPC shall notify the ICCAT Executive Secretary of any factual information showing that there are reasonable grounds for suspecting LSTVs not on the ICCAT record to be engaged in fishing for and/or transshipment of tuna and tuna-like species in the Convention area.

9.
  - a) If a vessel mentioned in paragraph 8 is flying the flag of a CPC, the Executive Secretary shall request that CPC to take measures necessary to prevent the vessel from fishing for tuna and tuna-like species in the Convention area.
  - b) If the flag of a vessel mentioned in paragraph 8 cannot be determined or is of a non-Contracting Party without cooperating status, the Executive Secretary shall compile such information for future consideration by the Commission.
10. The Commission and the CPCs concerned shall communicate with each other, and make the best effort with FAO and other relevant regional fishery management bodies to develop and implement appropriate measures, where feasible, including the establishment of records of a similar nature in a timely manner so as to avoid adverse effects upon tuna resources in other oceans. Such adverse effects might consist of excessive fishing pressure resulting from a shift of the IUU LSFVs from the Atlantic to other oceans.
11. The 2000 *Recommendation by ICCAT Concerning Registration and Exchange of Information of fishing Vessels Fishing for Tuna and Tuna-like Species in the Convention Area* [Rec. 00-17] is hereby repealed.
12. The *Recommendation by ICCAT Concerning the Establishment of an ICCAT Record of Vessels over 24 Meters Authorized to Operate in the Convention Area* [Rec. 02-22] is replaced by this recommendation.
