

PROPOSED ROADMAP FOR PA1 INTERSESSIONAL MEETINGS IN 2021
(Submitted by Chair of Panel 1)

Dear Colleagues,

Considering all your different observations, I would like to propose the following new roadmap.

1) Virtual meeting in April 2021: MCS and reporting requirements to guarantee a solid implementation of catch limits

[...]
[...]

- Electronic recording of catches ;
- Observer coverage ;
- Catch and effort reporting requirements and other MCS related issues (for example, transhipments, port sampling, landing declarations).

2) Virtual meeting in June 2021: FADs

[...]

This meeting will be possible, if and only if, certain data from 2020 are available and processed by the SCRS.

3) In-person intersessional meeting: following the bigeye stock assessment report

This meeting will address the following issues:

1. Bigeye tuna TAC for 2022 and beyond;
2. Allocation key for TAC distribution;
3. Capacity;
4. Others
