**Information for the ICCAT IUU Vessels List in 2020**  
(regarding the three vessels included by ICCAT and other new information)

On 19 May 2020, the United States informed the Secretariat that, according to para. 2 of Rec. 18-08, the United States wished to alert the Secretariat on the possibility of a tuna longliner, not on ICCAT Record of Vessels with no valid flag, seen in the ICCAT Convention Area. Communicated via radio, this vessel's stated purpose was fishing. The vessel concerned by this alert is purportedly registered as follows:

- Name: OCEAN STAR NO.2
- IMO: 8665193
- IRCS: YJRU6
- Previous Flag: Vanuatu (until Feb 2016) / Bolivia (since 2012)
- Registered owner: Ming Shun Fishery Co LTD.

The United States informed that it has collected evidence indicating that this vessel has carried out illegal, unreported, and unregulated (IUU) fishing activities in the ICCAT Convention Area in 2020. The presumed IUU activity meets the following elements of Rec. 18-08:

- a) Harvest tunas and tuna-like species in the Convention area and are not registered on the relevant ICCAT list of vessels authorized to fish for tuna and tuna-like species in the ICCAT Convention Area;
- b) Harvest tuna and tuna-like species in the Convention area, and the vessel's flag State is without quota, catch limit or effort allocation under relevant ICCAT conservation and management measures;
- c) Being without nationality and harvest tunas or tuna-like species in the ICCAT Convention area.

The flag of the vessel is undetermined, and the vessel is presumed to be without nationality.

On 14 September 2020, the United States informed the Secretariat that, according to para. 2 of Rec. 18-08, the United States wished to alert the Secretariat on the possibility for a longline vessel on ICCAT Record of Vessels with ICCAT No. AT000SEN00031 (Senegal as the Flag State), seen by the United States Coast Guard in the ICCAT Convention Area. Communicated via radio, this vessel's stated purpose was fishing. The vessel concerned by this alert is purportedly registered as follows:

- Name: MARIO NO 11
- IMO: 8529533
- IRCS: 6WMR
- Current Flag: Senegal
- Registered owner: HSIN FEI Trading Investment Co. Ltd (Dakar, Senegal).

On 6 May 2020, at 1515Z, a patrol carried by the U.S. Coast Guard sighted the FV "MARIO NO 11" (IMO 8529533) in position 24° 28.0 N 063° 40.0W, which is located on the high seas within the ICCAT Convention Area. The U.S. Coast Guard patrol vessel made contact with the FV MARIO NO 11 via VHF radio but, due to language barriers, was unable to discern any pertinent information. A person onboard the FV MARIO NO 11 held up a frozen tuna, indicating the vessel was engaged in fishing. The Coast Guard patrol vessel observed 16 persons on the deck of the FV MARIO NO 11 and approximately 250 shark fins, which were strung from lines throughout the vessel's decks.

Due to the quantity of shark fins observed, and recognizing Senegal's previous stated positions in support of a ban of shark finning at-sea, information on this vessel sighting is being provided in support of inspection and compliance monitoring, specifically the *Recommendation by ICCAT Concerning the Conservation of Sharks Caught in Association With Fisheries Managed by ICCAT* [Rec. 04-10].

On 28 May 2020, the Environmental Justice Foundation (EJF) communicated, under the provisions of Rec. 08-09 (COC-312/20), the alert a potential IUU fishing activities by a former Tanzanian fishing vessel and suspected that this vessel, currently without nationality, may be engaging in fishing activities in ICCAT Convention Area:

- Name: HALELUYA
- NatRegNo. (Tanzania): 40035 (Tanzania) and 400354 as per Registro Nacional de Barcos Pesqueros, 'Haleluya. Details of the vessel', accessed 14/04/2020, <http://uviolombia.org/sandbox/vessels/181/details>.<http://uviolombia.org/#>;
- External Marking: CP-050284-A
- IRCS: 5IM615
- Current Flag: Stateless
- Previous Flag: Tanzania
- Registered Owner: Imanely SAS; NIT: 900076756; Reg. No.: 21591712; Status: Active; Country: Colombia || Mr. Chin Tien Chen; ID No.: 3264069; Country: Chinese Taipei.

On 25 September 2020, in its notification, the European Union (EU) recalled the information available in ICCAT document N° COC-307/19: the vessel "HALELUYA" is a longliner flagged to Tanzania that catches species covered by ICCAT and operates both in Colombian waters and waters of other countries.

In its ICCAT reporting form for IUU activity, the EU suspects that this longline vessel has harvested tunas and tuna-like species in the ICCAT Convention area without being registered on the relevant ICCAT list of vessels authorized to fish for tuna and tuna-like species in the ICCAT Convention (Rec. 18-08, para 1(a) and Rec. 13-13, para 1).

The EU recalled that the information provided by Colombia in page 6 of the document on *Requests for Cooperating Status* [COC-307/19] states that this vessel is a 24.5 meters longliner flagged to Tanzania that catches species covered by ICCAT and operates both in Colombian waters and waters of other countries.

According to the same information the vessel was authorised to fish for tuna and other fish in Colombian waters until 26 July 2020 at least.

**Subject: U. S. Notification in Relation to Draft IUU Listing of a Presumed Stateless Vessel**

Dear Mr. Executive Secretary:

In accordance with the *Recommendation by ICCAT on Establishing A List of Vessels Presumed To Have Carried Out Illegal, Unreported and Unregulated Fishing* (Rec 18-08) and the *Recommendation by ICCAT on Vessel Sightings* (Rec 19-09), the United States wishes to notify the Commission that it has collected evidence indicating that the following vessel has carried out illegal, unreported, and unregulated (IUU) fishing activities in the ICCAT Convention Area in 2020:

- ***FV OCEAN STAR NO 2 (IMO 8665193)***

This presumed IUU activity meets the following elements of Rec. 18-08:

- a. Harvest tunas and tuna-like species in the Convention area and are not registered on the relevant ICCAT list of vessels authorized to fish for tuna and tuna-like species in the ICCAT Convention Area.
- b. Harvest tuna and tuna-like species in the Convention area, and the vessel's flag State is without quota, catch limit or effort allocation under relevant ICCAT conservation and management measures.
- i. Are without nationality and harvest tunas or tuna-like species in the ICCAT Convention area.

The flag of the vessel is undetermined, and the vessel is presumed to be without nationality.

During a patrol carried out by the U.S. Coast Guard on April 8, 2020, the FV OCEAN STAR NO. 2 (IMO 8665193) was sighted on the high seas approximately 270 nautical miles east of Cape Lookout, North Carolina, United States. This location is on the high seas within the ICCAT Convention Area. The vessel operated at 8 knots and maneuvered various courses and speeds, before coming dead in the water, with six to eight individuals and longline gear observed on the vessel's deck. The Coast Guard made contact via VHF radio and vessel crew reported "fish" as the vessel's purpose and "Taiwan" as its homeport. The name OCEAN STAR NO. 2 and Vanuatu are painted on the vessel's stern. The Coast Guard photographed the vessel and provided information collected to the National Oceanic and Atmospheric Administration's (NOAA) National Marine Fisheries Service (NMFS) Office of Law Enforcement (OLE). NMFS OLE conducted an investigation of the vessel during which it determined that the vessel is not on the ICCAT List of Authorized Vessels established per Rec. 13-13 and, through outreach with authorities in Vanuatu, that the vessel is not flagged to the Republic of Vanuatu. NMFS OLE further confirmed that the vessel was previously flagged to Vanuatu and authorized to fish in the Convention area as recently as 2016. Additional details of the investigation findings are included in the attachment.

The evidence submitted in the attached report meets the criteria for inclusion of the FV OCEAN STAR NO 2 on the IUU Vessel List as set out in paragraph 1 of Rec. 18-08, particularly paragraph 1(a), (b) and (i) as reproduced above. Pursuant to paragraph 2 of Rec. 18-08, this letter and report are provided so that the FV OCEAN STAR NO 2 may be included in the Draft IUU vessel list and considered by the Commission for inclusion on the Final IUU vessel list this fall.

We ask that you circulate this letter and the attached report, with photographs, to all CPCs. We also invite the Secretariat and CPCs to communicate any information available to them in respect of the FV OCEAN STAR NO 2, including current ownership, operators, flag State status, and its activities, including the landing, transshipment or shipments of catch harvested by this vessel since February 2016. We also take this opportunity to remind CPCs of their responsibilities regarding control of their nationals under *Recommendation by ICCAT to Promote Compliance by CPCs with ICCAT Conservation and Management Measures* (Rec 06-14).

In closing, Mr. Executive Secretary, I would like to reaffirm the commitment of the United States to combating IUU fishing in all forms around the world. Please accept assurances of my highest consideration.

**U.S. Report to ICCAT on Alleged IUU Fishing by FV OCEAN STAR NO. 2**

**Executive Summary**

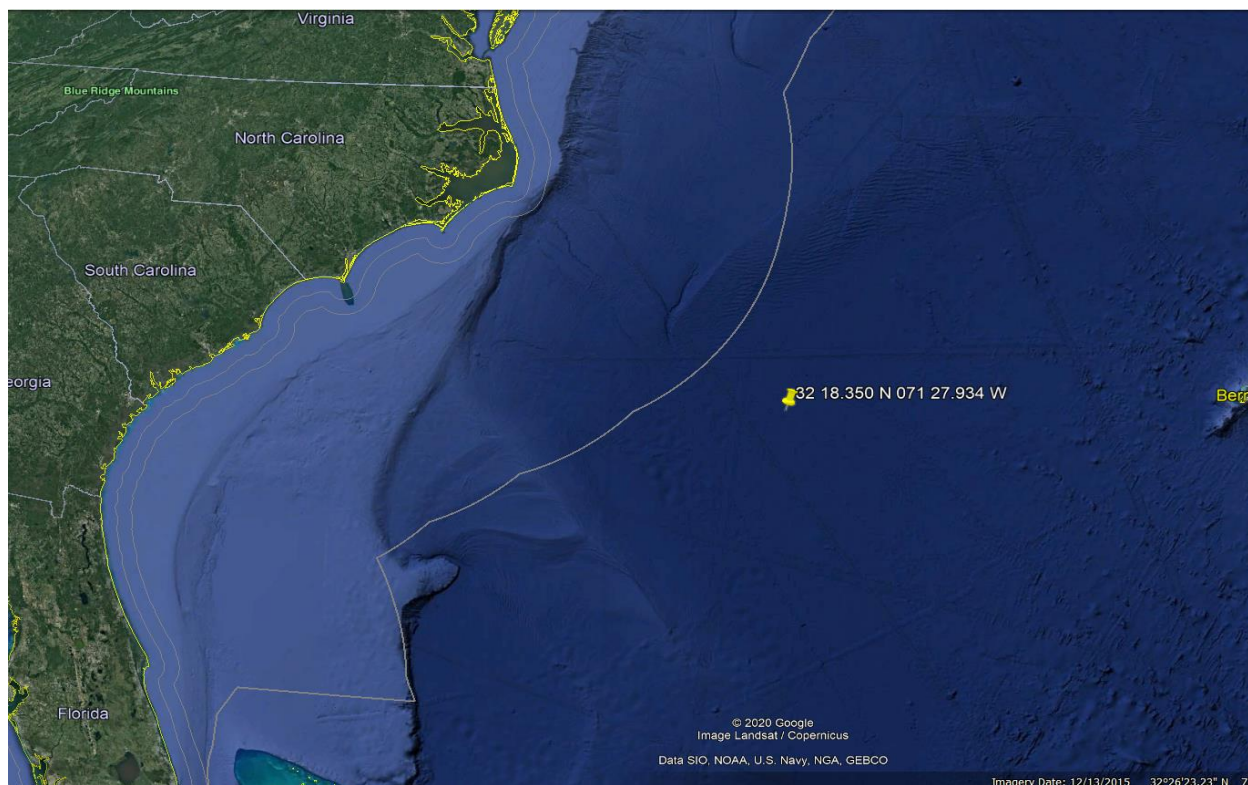

On April 8, 2020, a patrol carried by the U.S. Coast Guard identified a foreign longline fishing vessel operating 65-70 nautical miles outside the U.S. EEZ on the high seas within the ICCAT Convention Area. The National Marine Fisheries Service (NMFS) Office of Law Enforcement (OLE) conducted an investigation and determined that the vessel is not on the ICCAT Vessel Record and, therefore, pursuant to Rec. 13-13, is not authorized to fish within the Convention Area. The activity of the vessel, observation of longline gear and crew onboard, and communications from the vessel that its purpose was fishing indicated that the vessel was engaged in fishing activities. The flag State of the vessel could not be determined and the vessel is presumed to be without nationality. Boarding and inspection of the vessel was not possible.

#### Vessel's activities

- On April 08, 2020, at 1656Z, while conducting a surveillance patrol, the U.S. Coast Guard detected the FV OCEAN STAR NO 2 (IMO 8665193) approximately 65-70 nautical miles east of the seaward boundary of the U. S. Exclusive Economic Zone.
- The FV OCEAN STAR NO 2 was initially detected transiting to the east at 8 knots, maneuvered various courses and speeds as the Coast Guard Cutter approached before coming dead in the water. The vessel was not transmitting an AIS signal.
- The position of the FV OCEAN STAR NO 2 was confirmed at 32° 18.350 N / 071° 27.934 W. This location is on the high seas within the ICCAT Convention Area.
- The Coast Guard attempted to communicate with the vessel by VHS radio and loudhailer over a 20-minute period, at which time between six and eight individuals were identified on the deck of the vessel.
- The FV OCEAN STAR NO 2 radio operator repeated "FISH", implying the vessels purpose was fishing, and replied "Taiwan" when asked where was home.
- Seven photographs of the FV OCEAN STAR NO 2, showing the bow, stern, port, starboard and superstructure profiles of the vessel, taken by the U.S. Coast Guard patrol vessel are attached.
- No high seas boarding was conducted, but information collected was referred to the National Marine Fisheries Service Office of Law Enforcement (NMFS OLE) for further examination.

#### Vessel Permitting and Flag State Status

- The FV OCEAN STAR NO 2 is not on the current ICCAT Vessel Record. The vessel had previously been on the ICCAT Record of Authorized vessels, under the flag of the Republic of Vanuatu, and under vessel number AT000VUT00017, until such authorization expired on 09 February 2016.
- Pursuant to the *Recommendation by ICCAT Concerning the Establishment of an ICCAT Record of Vessels 20 Meters in Length Overall or Greater Authorized to Operate in the Convention Area* [Rec. 13-13], the FV OCEAN STAR NO 2, documented as 23.5 M, is not authorized to fish within the ICCAT Convention Area.
- The FV OCEAN STAR NO 2 had also been on the Indian Ocean Tuna Commission Vessel Record, under Vanuatu Flag, with IOTC identifier 13986, until its authorization expired on 14 August 2015. The vessel owner was documented as Tuna Fishing (Vanuatu) Ltd, located at P.O. Box 1640 Port Vila, Republic of Vanuatu. However, other sources list Ming Shun Fishery as the owner and provide the same company address as Tuna Fishing Ltd.
- NMFS OLE examined the Food and Agriculture Organization of the United Nations (FAO) public website, Fisheries and Aquaculture Department (Source: [FAO Flagging](#)), which documented that the FV OCEAN STAR NO 2 is currently flagged by the Republic of Vanuatu since 2012. Prior to 2012, the vessel operated under the name WANG FA and was flagged by Bolivia.
- NMFS OLE contacted the Vanuatu Maritime Services to request current and historical flagging information related to the FV OCEAN STAR NO 2. Vanuatu responded that the vessel was deleted from the Vanuatu registry on 20 June 2016 and that she was transferred to St. Vincent and the Grenadines.
- NMFS OLE contacted the St. Vincent and the Grenadines Maritime Administration (SVG) to request current and historical flagging information related to the FV OCEAN STAR NO 2. SVG responded that the vessel seemed to be registered under the Vanuatu flag.
- The IHS Markit Sea-web database reports that Ming Shun Fishery Co Ltd is the vessel's beneficial owner, manager, operator and registered owner in Chinese Taipei with the following address: 7th Floor, 87, Houping Road, Qianzhen District, Kaohsiung City, 80666

**INFORMATION SUBMITTED BY THE US FOR THE INCLUSION OF ONE VESSEL ON THE DRAFT IUU LIST**

Information submitted by the USA [ICCAT Entrada #8757 of 15 September 2020] distributed as Circular #6488 dated 21 September 2020)

Mr. Camille Jean Pierre Manel  
Executive Secretary  
ICCAT  
c/ Corazón de María 8, 6 floor  
28002 Madrid (Spain)

**Subject: U. S. Notification in Relation to Draft IUU Listing of a Presumed Stateless Vessel**

Dear Mr. Executive Secretary:

In accordance with the *Recommendation by ICCAT on Establishing A List of Vessels Presumed To Have Carried Out Illegal, Unreported and Unregulated Fishing* (Rec 18-08) and the *Recommendation by ICCAT on Vessel Sightings* (Rec 19-09), the United States wishes to notify the Commission that it has collected evidence indicating that the presumed stateless vessel **F/V MARIO No 11** has carried out illegal, unreported, and unregulated (IUU) fishing activities in the ICCAT Convention Area in 2020.

During a patrol carried out by the U.S. Coast Guard on May 6, 2020, the **FV MARIO No 11** was sighted approximately 343 nautical miles north of the British Virgin Islands at position 24 28.0 N 063 40.0 W. This location is on the high seas within the ICCAT Convention area. The Coast Guard made contact via VHF radio, but, due to language barriers, was not able to discern any pertinent information from the vessel concerning its activities. The U.S. Coast Guard observed approximately 250 shark fins strung from lines throughout the vessel's decks. Details of the sighting, including photographs of the vessel and shark fins taken by the Coast Guard, may be found in the attached report. Based upon photographic evidence, our experts believe there could be fins from both silky sharks (*Carcharhinus falciformis*) and shortfin or longfin mako (*Isurus* spp.). The **FV MARIO No 11** was not boarded by the U.S. Coast Guard. At the time of sighting, records indicated the vessel was registered to Senegal and authorized to fish for ICCAT species.

In accordance with *Recommendation by ICCAT on Vessel Sightings* (Rec 19-09), in June 2020 I wrote to Senegal as the reported flag State of the vessel to provide all relevant information. Senegal responded, explaining that at that time, the **FV MARIO No 11**, as well as the **FV MARIO No 7** were not authorized to remain on Senegal's registry nor authorized to fish for ICCAT species. Therefore, the United States presumes the vessel to be stateless. The United States and Senegal provided information on the vessel to the listed ICCAT points of contact for inspection reports and infringements in Circulars 3977 and 4085.

In closing, Mr. Executive Secretary, I would like to reaffirm the commitment of the United States to combating IUU fishing in all forms around the world, and to thank Senegal for being an important partner in those efforts. Please accept assurances of my highest consideration.

Best Regards,

Andrew Lawler  
U.S. Commissioner to ICCAT

U.S. Report to Senegal regarding harvest of shark fins by the fishing vessel MARIO NO. 11

**Executive Summary**

On May 6, 2020, at 1515Z, a patrol carried by the U.S. Coast Guard sighted the FV "MARIO NO 11" (IMO 8529533) in position 24° 28.0 N 063° 40.0W, which is located on the high seas within the ICCAT Convention Area. The U.S. Coast Guard patrol vessel made contact with the FV MARIO NO 11 via VHF radio but, due to language barriers, was unable to discern any pertinent information. A person onboard the FV MARIO NO 11 held up a frozen tuna, indicating the vessel was engaged in fishing. The Coast Guard patrol vessel observed 16 persons on the deck of the FV MARIO NO 11 and approximately 250 shark fins, which were strung from lines throughout the vessel's decks.

Due to the quantity of shark fins observed, and recognizing Senegal's previous stated positions in support of a ban of shark finning at-sea, information on this vessel sighting is being provided in support of inspection and compliance monitoring, specifically *The Recommendation by ICCAT Concerning the Conservation of Sharks Caught in Association With Fisheries Managed by ICCAT* [Recommendation 04-10], which requires:

1. CPCs to take the necessary measures to require that their fishermen fully utilize their entire catch of sharks
2. CPC's to require their vessels not to have onboard fins that total more than 5% of the weight of the sharks onboard, up to the first point of landing.
3. Prohibitions for retaining onboard, transshipping or landing any fins harvested in contravention of this recommendation.

Positive identification of the species of shark has not yet been determined based on the photographs although our experts believe there could be fins from both silky sharks (*Carcharhinus falciformis*), blue sharks, and shortfin or longfin mako (*Isurus spp.*). Inspection of the catch and parts would be best confirmed through inspection of the fins to ensure activities were conducted in accordance with:

- Recommendation by ICCAT on the Conservation of Thresher Sharks Caught in Association with Fisheries in the ICCAT Convention Area [Rec. 09-07]
- Recommendation by ICCAT on the Conservation of Oceanic Whitetip Shark Caught in Association with Fisheries in the ICCAT Convention Area [Rec. 10-07]
- Recommendation by ICCAT on Hammerhead Sharks (FAMILY SPHYRNIDAE) Caught in Association with Fisheries Managed by ICCAT [Rec. 10-08]
- Recommendation by ICCAT on the Conservation of Silky Sharks Caught in Association with ICCAT Fisheries [Rec. 11-08]
- Recommendation by ICCAT on the Conservation of the North Atlantic Stock of Shortfin Mako Caught in Association with ICCAT Fisheries [Rec. 19-06]
- Recommendation by ICCAT Amending Recommendation 16-12 on Management Measures for the Conservation of Atlantic Blue Shark Caught in Association with ICCAT Fisheries [Rec. 19-07]

Fishing Vessel HALELUYA

EUROPEAN COMMISSION  
DIRECTORATE-GENERAL FOR MARITIME AFFAIRS AND FISHERIES

International Ocean Governance and Sustainable Fisheries  
**Regional Fisheries Management Organisations The Head of Unit**

Brussels Mare.B2/

Mr Camille Manel Executive Secretary ICCAT

**Subject: Proposal for inclusion of a vessel on the draft ICCAT IUU list**

Dear Mr Manel,

Please find attached a request for inclusion of the fishing vessel *Haleluya* on the ICCAT IUU vessel list. According to the information provided in page 6 of Doc. No. COC\_307/ 2019, this vessel is a 24.5 meters longliner flagged to Tanzania and fishing for ICCAT species, despite the fact that it cannot be found on any of the relevant ICCAT lists of vessels authorized to fish for tuna and tuna-like species in the ICCAT Convention.

The European Union is aware that as a follow-up to the 26th Regular meeting of ICCAT (18-26 November 2019, Spain) further information has been requested from Tanzania, and we understand that this information may not be available before the 21 October 2020.

Nevertheless the European Union is also of the view that if the examination of the information provided by Tanzania does not provide satisfactory explanations regarding the suspicions that the vessel engaged in fishing activities which conform to the definition of IUU activities provided in ICCAT Recommendation [18-08], the Commission should then be in a position to take the necessary actions during the correspondence process envisaged to replace this year's annual meeting, including through consideration of the vessel's inclusion on the ICCAT IUU list.

I remain available should you need any additional information or clarifications.

Sincerely yours,

Anders C. JESSEN  
Head of the EU Delegation to ICCAT

Information provided by Colombia in page 6 of Doc. No. COC\_307/ 2019 states that the vessel is a 24.5 meters longliner flagged to Tanzania that catches species covered by ICCAT and operates both in Colombian waters and waters of other countries. According to the same information the vessel was authorised to fish for tuna and other fish in Colombian waters until 26 July 2020 at least.

ICCAT Recommendation 13-13 paragraph 1 states that *"The Commission shall establish and maintain an ICCAT record of fishing vessels 20 meters in length overall or greater (hereinafter referred to as "large scale fishing vessels" or "LSFVs") authorized to fish for tuna and tuna-like species in the Convention Area. For the purpose of this recommendation, LSFVs not entered into the record are deemed not to be authorized to fish for, retain on board, transship or land tuna and tuna-like species"*.

Nonetheless the vessel cannot be found on the relevant ICCAT list of vessels authorized to fish for tuna and tuna-like species in the ICCAT Convention.
